

## Correspondence Chess Entries Received/Awaiting Pairings

The following list of players are awaiting being paired in various events. This list is intended to allow players to ensure their entries have been received and also to allow players considering entering events to see where there is a need and take that into consideration when choosing which event to enter. Pairing priority will be given to players who have been waiting longest for a pairing unless there are limitations on those entries.

In the tables below: "Rating Class" is for events that have groupings by rating class, "Limited?" identifies players who cannot, or have chosen not to play against certain opponents and "Duplicate?" identifies duplicate entries.

For events with groupings based on ratings, the following rating classes will be used:

- Class A: 1800 and above
- Class B: 1500-1999
- Class C: 1200-1699
- Class D: 1399 and below

**Last Updated: October 26, 2024**

**(Note that this page does not automatically update when an entry is received.)**

### 2024 Golden Knights Preliminary Round (Postal Mail)

Number of players required for section: 7
